A TRIP TO THE FUTURE

You travel to the future where everything is powered by machine learning. Write about what you see. How do people live? How do machines help them in their daily lives?

Task: Using the prompt above, write a short story. Draw a snippet of what that future will look like in the box below. Remember to use a variety of nouns, adjectives, verbs and adverbs to make your story more interesting for readers!

This image shows a single sheet of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
